

Point-in-Time Notes for NY-604 - Yonkers, Mount Vernon/Westchester County CoC

Date of PIT Count: 1/25/2023

Population: Sheltered and Unsheltered Count

Notes

"Typically, we expect the number of Unaccompanied Youth 18-24 in Emergency Shelters (24) to equal the number of Persons 18-24 in households without children in Emergency Shelters (30). Please verify these numbers, and if they are correct, please explain the discrepancy in the Notes."

The explanation for the discrepancy is that 6 youth ages 18-24 in Emergency Shelters were part of a household with their parent that included no children under 18. They were therefore not "unaccompanied youth 18-24" and not part of "Households with at least one adult and one child" as defined by HUD.

"Typically, we expect the number of Unaccompanied Youth 18-24 in Transitional Housing (10) to equal the number of Persons 18-24 in households without children in Transitional Housing (13). Please verify these numbers, and if they are correct, please explain the discrepancy in the Notes."

The explanation for the discrepancy is that 3 youth ages 18-24 in Transitional Housing were part of a household with their parent that included no children under 18. They were therefore not "unaccompanied youth 18-24" and not part of "Households with at least one adult and one child" as defined by HUD.

"The percentage of people in this column who do not identify as male, female, or transgender is atypically large (33.33%). Please verify that this is accurate and confirm whether this number represents people whose gender identity is known, yet not male, female, or transgender. This number should not be used simply to count the number of people whose gender is unknown."

We confirm that 1 out of the 3 unsheltered youth encountered during our PIT Count identified their gender as non-binary. With small numbers such as these a single individual may comprise a large percentage of the total population.

All Homeless Populations: Households with at least one Adult & one Child

- No notes -

All Homeless Populations: Households with only Children

- No notes -

All Homeless Populations: Households without Children

- No notes -
